

Kids: Make a Spending Wish List!

Hi! I'm the Money Savvy Pig®. Let me show you how important and fun it can be to create a smart spending wish list for things you need and want!

Make a list of three things **YOU need** to buy. “**Needs**” are things like clothing, food and school supplies. Then make a list of three things **YOU want** to buy. “**Wants**” are things like toys, candy and movie tickets. Next, put your list in order of your top three needs and wants. Save money for your most needed item first.
